Dear Governor Cooper:

Say NO to the Atlantic Coast Pipeline!! Show leadership in our state and do not allow any further infrastructure to support the use of natural gas. As I'm sure you know, many recent reports, including last week by NASA, point to natural gas as the leading cause of our of control climate change.

DO NOT approve the Atlantic Coast Pipeline. We want clean water and clean air and the pipelines don't do that at all... in fact they lead to greater pollution.

Thank you,
